Interesting Facts

- The first St. Patrick's Day parade took place not in Ireland, but in the United States. Irish soldiers serving in the English military marched through New York City on March 17, 1762.
- Julius Caesar created the first Leap Year in 46 B.C., acting on advice by astronomer Sosigenes.
- Beware guys. Leap Year Day is apparently a tradition that allows women to ask men to marry them.

FEATURED Products

Fulton Engineered Systems

Fulton has excelled in the design and fabrication of customized skid system solutions for over 3 decades. Due to the demand for creative solutions to complex heat transfer applications, Fulton has become a single source manufacturer for custom pre-piped heat transfer equipment and accessories. These factory built systems insure that all components will be sized and installed correctly and will provide a quick and easy installation at the job site. [Engineered Products Brochure](#)

Currently in production

STEAM HYDRONIC THERMAL FLUID

APPLICATIONS

- Building Heat
- Clean Steam Generation
- Sterilization
- Humidification
- Chemical Processing
- Food Processing
- Domestic Hot Water
- And Many More

Job Site Visits

Ryan Company would be happy to take contractors or engineers to visit job sites where our equipment is installed. Weather you are interested in our boilers, water heaters, burners, chimneys or accessories, we will have a location to visit. Below are some examples.

HOTEL
(3) 500MBH Lochinvar Armor High Efficiency Condensing Domestic Water Heaters with (5) 200 Gallon Tanks

CHURCH
(2) 1000MBH LES High Efficiency Condensing Boilers

SPORTS FACILITY
(1) 3000MBH Fulton Vantage, (2) 5650MBH Burnham Firebox Boilers with Gordan Piatt Burners

CHURCH
(2) Fulton Vantage Combination Gas/Oil High Efficiency Condensing Boilers 1000MBH & 2000MBH

SCHOOL
(2) 1400MBH Fulton Pulse High Efficiency Condensing Boilers

OFFICE BUILDING
(4) 100 HP LES Boilers with Gordon Piatt Burners

Factory Visits

In addition to job site visits, we like to take engineers to see some of our factories. In March we are taking a group of engineers to Nashville, TN to visit the Lochinvar factory.

This month I went to the Fulton facility located in Pulaski, NY to look at a custom unit with our customer. The customer was very pleased with the equipment, but they didn't care for the weather. No more Fulton Winter trips.
