March, 2016

Featured Job of the Month: Douglas County Government Center

Located in Superior, Wisconsin
Mechanical Engineer: TKDA
Equipment:
-(3) Fulton VTG3000DF Boilers
-(1) Aldrich A3S4-80-GO
-(2) Power Flame DC-4 Draft Controls
-(1) ModSync

Douglas County Government Center had been running completely off of steam for years. To capture more efficiency, the Douglas County Government Center decide to change their system to run both steam and hot water. By putting in hot water condensing boilers they would have larger savings, by being more efficient then their past all steam system. The Fulton Vantage Boiler is an ideal due to the fact that it highly efficient and has many dual fuel options for its fuel source. It can handle natural gas, propane, fuel oil and even digester gas. Each Vantage boiler has a 5:1 turndown.

Along with the Fulton Dual Fuel Vantage, they also bought a new steam boiler, the Aldrich A3S4-80-GO. This steam boiler has higher efficiency rating, replacing the older steam boilers that were no longer working to the standard for the buildings needs.

We also incorporated a ModSync to control the system and monitor certain temperatures so we able to obtain the best efficiencies as possible. ModSync uses lead/lag to maintain an even number of operating cycles and run hours for multiple boilers.

Fun Fact

All of the Saint Patrick's Day revelry around the globe is great news for brewers. A 2012 estimate pegged the total amount spent on beer for Saint Patrick's Day celebrations at \$245 million. And that's before tips to pubs' bartenders.

Lochinvar's Newest Boiler:

Lochinvar FTXL Fire Tube Boiler:

- Firetube condensing boiler
- Firetube Knight Boiler
- Any knight application
- 5 inputs from 399,999 to 850,000 BTU/HR
- Common Vent and PVC direct-venting
- Variable flow rates up to 150 GPM
- Small Footprint 6.2 sq. ft. footprint. Each model same footprint but the models grow upward instead of changing the footprint
- 98% efficiency
- Wireless Outdoor Sensor option
- An updated smart system
- New variable speed pump now available

Coming Next Month

- A new job of the month
- A new trivia question to win a prize
