## NEW Products

### Bryan HE-RV – 85% Efficient Guaranteed

Bryan Boilers has introduced a new hot water gas fired boiler which is guaranteed to get 85% combustion efficiency. Models range from 3,500 - 8,000 MBH Input. This is similar to Bryan's HECLM (900-3,000 MBH). Both models have 7 sq.ft. of heating surface per boiler horsepower. And like all Bryan Boilers you get a 25 year warranty against thermal shock.

### Fulton Vantage – 99% Efficient **NEW Sizes Available**

The Vantage is a non-pulse condensing hot water boiler with efficiencies up to 99% which can be fired on **Nat gas, LP, #2 fuel oil or combination**. It fits through standard door openings, has nearly zero standby losses and has no minimum return water temperature. It is a direct vent/sealed combustion boiler. 1,000, 2,000 & 3,000 MBH units are available now, 4,000 MBH coming soon.

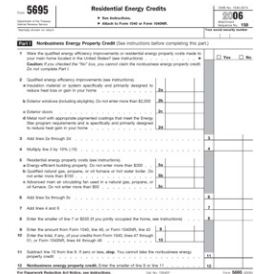

## FREE Money

### Federal Tax Credits – Form 5695

<http://www.irs.gov/pub/irs-pdf/f5695.pdf>

- 5 Residential energy property costs (see instructions).
- a Energy-efficient building property. Do not enter more than \$300 . . . . . 5a
  - b Qualified natural gas, propane, or oil furnace or hot water boiler. Do not enter more than \$150 . . . . . 5b
  - c Advanced main air circulating fan used in a natural gas, propane, or oil furnace. Do not enter more than \$50 . . . . . 5c

### CenterPoint Energy Rebates

- 85-87.9% Eff. Boilers receive \$1400 per 1 MMBTU.
- 88% and greater receive \$2000 per 1MMBTU.
- Burners <= to 5 MBH for full modulation receive \$1000 per 1 MMBTU.
- Custom Energy Analysis – On site natural gas facility analysis. Customer will receive list of all equipment and energy usage, energy plan, and information on energy rebate programs & other financial assistance. Customer charged \$200 co-pay. However customer will get reimbursed for this if as a result of the analysis the customer installs equipment that qualifies for a rebate within 12 months.
- Engineering Assistance for consulting engineer fees for custom and heating systems. Up to \$2500 up front (not exceeding 50% of anticipated fees) and up to \$2500 more upon installation of qualifying equipment. Must be pre-approved.

Forms and other info can be found at

### Course Schedule

Course Date	Cost	Location
<b>Commercial Boiler Burner Service – Level II (GP111)</b>		
April 24-25, 2007	\$895.00	Tulsa, OK
<b>Commercial Boiler Burner Service – Level I (Online Only) (GP138)</b>		
Available Online Now	\$299.00	Online
<b>Ultra Low NOx Commercial Boiler Burners (GP144)</b>		
April 26-27, 2007	\$795.00	Tulsa, OK

## Featured Job

### Lake Crystal Public School

Engineer: Dolejs Engineers, Mankato  
Mechanical Contractor: Wenzel Mechanical  
Equipment: Fulton PHW1400, (3) at 1400MBH Each  
Installed: Fall 2006

## Ryan Co Presents

Brett and Dan gave a presentation on Condensing Boilers at the Rochester Chapter of ASHRAE last month. Let us know if you would like us to present to your group.
